

Adecco's Remuneration Report reflects the requirements of section 5 of the Directive on Information Relating to Corporate Governance, issued by the SIX Swiss Exchange as amended on October 29, 2008. Adecco S.A.'s principles regarding remuneration take into account the recommendations set out in the Swiss Code of Best Practice for Corporate Governance as amended on September 6, 2007. In addition, the Remuneration Report comprises information as required under the Swiss Code of Obligations (Art. 663b^{bis} and 663c para. 3), which is included in Note 8 to Adecco S.A. (Holding Company) financial statements. For further information regarding Adecco's Corporate Governance refer to the Corporate Governance Report.

Statements throughout this Remuneration Report using the term "the Company" refer to the Adecco Group, which comprises Adecco S.A., a Swiss corporation, its consolidated subsidiaries, as well as variable interest entities for which Adecco is considered the primary beneficiary.

1. Determination of remuneration principles and compensation

In order to maintain its competitive positioning as a global employer, the Company reviews market conditions on a continual basis. Compensation is dependent on outside influences including geographical location, industry, competition, and general business climate. Therefore, the Company's country organisations conduct regular local salary surveys and review country-specific economic data to determine their merit increase guidelines. In general, compensation of the Board of Directors and of the members of the Executive Committee is reviewed annually to ensure that competitive pay is maintained and undesired fluctuations are minimised.

The Company's compensation programmes, which include equity based compensation elements, are approved by the Board of Directors ("Board"). The Board has entrusted its Nomination & Compensation Committee ("NCC") with providing recommendations to the Board, taking into account proposals of the Chief Executive Officer ("CEO") and the Chief Human Resources Officer, regarding the remuneration principles and general compensation philosophy of the Company, and with reviewing and approving the objectives relevant to the compensation of the Executive Committee and a further group of

senior managers. The NCC is composed of independent Board members only (for further details on NCC composition, tasks, and activities refer to the Corporate Governance Report, section 3.4.3 "Nomination & Compensation Committee").

The remuneration of the Board is determined by the full Board, upon recommendation from the NCC. The compensation of the Executive Committee is authorised by the full Board, upon recommendation from the NCC. The members of the Executive Committee do not attend meetings of the NCC and of the Board when matters concerning their own compensation are being decided. The compensation of the other employees of the Company is authorised by the responsible members of management, based on the remuneration principles and general compensation philosophy of the Company. The findings and decisions of the NCC are reported to the Board by the Chairman of the NCC.

In order to ensure that compensation is in line with market standards, the NCC commissioned international independent external consultants (Towers Watson AG, Zurich, Switzerland) to provide a compensation benchmark analysis for 2012. Members of the Executive Committee with global responsibility (CEO, Chief Financial Officer ("CFO"), Chief Sales Officer, and Chief Human Resources Officer) were benchmarked against comparable functions in terms of revenue and number of employees under scope in a selected reference group of 21 Swiss companies of different industries. Companies in the financial service industry were included in the assessment for the CFO and for the Chief Human Resources Officer only.

The compensation packages of members of the Executive Committee with geographical responsibility were benchmarked against the packages of comparable functions in terms of revenue and number of employees in the respective countries of residency. More than 220 companies worldwide active in different industries, and which can be considered potential employers of the individuals in question were included in the benchmark. Out of these companies, for each region, a specific peer group was determined. Towers Watson has been commissioned in 2012 with additional Human Resources related survey work of minor scope.

The compensation model applied for 2012 remained unchanged compared to the one applied for 2011. Minor modifications were introduced regarding the short-term incentive plan bonus base and the long-term incentive plan target bonus base amount for some members of the Executive Committee, taking into account the results of the compensation review, and for a further group of senior managers (as further explained in section 2.3 "Elements of the Executive Committee's compensation"). Total compensation accrued in 2012 for the members of the Executive Committee increased compared to 2011, primarily due to severance payments.

2. Remuneration principles

2.1 The Company's compensation philosophy

The Company's compensation philosophy seeks to recognise and reward performance. Taking into consideration Group and business unit contributions as well as individual contributions, the compensation programmes are designed to attract, retain, motivate, and reward employees in order to support the achievement of the Company's financial and strategic objectives and also to ensure that the total compensation opportunity is internally consistent and externally competitive.

It is the Company's aim to align its compensation philosophy with the shareholders' interests and to foster collaboration between countries, units, and departments. The compensation is to be fair and competitive and therefore the base salaries are aligned at a median level of the relevant peer companies used in the benchmarked analysis. The positioning at the median results from considering factors such as revenues, employees under scope, and, if listed in Switzerland, market capitalisation. In addition, further responsibilities beyond the typical scope of the function are taken into consideration. The Company strives to recognise and reward team performance. Thus, as a general rule, individual quantitative targets are not

used for bonus purposes in the current compensation programmes. Economic Value Added ("EVA") targets, defined in line with the Company's strategic long-term projections, are used for the short-term bonuses. EVA is a measure of a company's financial performance, based on residual income. According to this concept, value is only created if operating income after the deduction of taxes is greater than the minimal required rate of return on the invested capital, equal to the company's weighted average cost of capital ("WACC"). The calculation is based on the Company's net operating profit after taxes ("NOPAT"). Invested capital is defined as total assets, excluding cash and including gross acquired goodwill and other gross acquired intangibles since the introduction of the EVA concept, minus non-interest bearing liabilities. The Company applies a 10% cost of capital across all its entities, while the actual WACC in the reporting period was lower. Long-term incentive plans are in place to increase the focus on long-term objectives.

2.2 Elements of the Board of Directors' compensation

The members of the Board of Directors are compensated with an annual fixed cash fee whilst the Chairman is compensated for a fixed portion of his remuneration with Adecco S.A. shares (see section 3.1.1 "Board of Directors' compensation and shareholding"). When determining the members' and the Chairman's compensation, the Board of Directors takes into account, at its own discretion, the various functions and responsibilities within the Board of Directors and its committees as well as the recommendation of the NCC.

2.3 Elements of the Executive Committee's compensation

2.3.1 Compensation programme 2012 for the Executive Committee

The compensation model includes fixed and variable elements, whereby for the determination of the variable part of the compensation, no other targets than the ones mentioned in the description of short- and long-term incentive plans are relevant:

- base salary, taking into account market conditions for comparable functions and positions;
- social charges, pension plan contributions, and fringe benefits;
- short-term incentive plan, based on annual, ambitious, and transparent performance objectives;
- long-term incentive plan, including performance share awards based on ambitious internal and external performance objectives and restricted share unit awards.

Base salary: the annual base salary represents payment for due job performance and is determined by the Company, based on the findings of the benchmark studies (see section 1. "Determination of remuneration principles and compensation"), taking into account comparable functions and positions, considering amongst other elements, the number of employees reporting to the function, revenues generated under the function, and additional responsibilities beyond the typical scope of the function. The base salary rewards employees for performing day-to-day responsibilities and reflects job characteristics, seniority, experience, and skill sets. It is paid in cash, typically in monthly instalments, and is set according to local practice designed to provide the Company's employees with fixed compensation to ensure an appropriate standard of living relative to that offered by reference companies. The annual base salary also serves as the basis for determining the variable compensation.

Social charges, pension plan contributions, and fringe

benefits: social charges and pension plan contributions are awarded based on local regulations and practices. Fringe benefits include amongst other items car allowance for private use, car lease financed by the Company, membership fees, house allowance, relocation, education, health insurance, representation allowance, and tax equalisation payments (for one member of the Executive Committee).

Short-term incentive plan ("STIP"): the STIP is a cash incentive programme (annual bonus). For members of the Executive Committee with geographical responsibility, 35% of the STIP bonus base is related to the EVA of the Company and 65% is related to the EVA for the relevant financial year at geographical level. For the members of the Executive Committee who do not have direct responsibility for a specific geographical area, the entire STIP is based on the EVA of the Company for the relevant financial year. The STIP bonus base for members of the Executive Committee ranges between 60% and 100% of the participant's base salary, and has been determined by the NCC upon proposal of the CEO and of the Chief Human Resources Officer taking into account the participant's function and responsibilities. For 2012, the entitlement to the STIP based bonus is limited at 150% of the STIP bonus base, resulting in a cap at 150% of the base salary for the highest paid member of the Executive Committee.

Long-term incentive plan ("LTIP"): under the LTIP, performance share awards were granted in 2012 to members of the Executive Committee. Performance share awards contain an undertaking to deliver a number of Adecco S.A. shares to the participants of the plan after the end of the performance period (end of performance period for the 2012 awards: December 31, 2014), provided and to the extent that certain employment conditions and performance targets are met. In addition to the performance share awards, as a further component, restricted share unit awards ("RSU awards") have been awarded in 2012.

The LTIP target bonus base amount is defined as a percentage of the participant's base salary. Such percentage depends upon the participant's function and responsibilities and has been determined by the NCC upon proposal of the CEO and of the Chief Human Resources Officer. For members of the Executive Committee, the percentage ranges between 60% and 120% - of the participant's base salary. 65% of the LTIP target bonus base is allocated to RSU awards and 35% to performance share awards, i.e. total shareholder return ("TSR") awards. Of these 35%, half is allocated to relative TSR awards and half is allocated to absolute TSR awards. Furthermore, an additional 17.5% of the LTIP target bonus base is allocated to the additional TSR awards.

The LTIP is subject to certain reclaim provisions in case benefits were acquired by involvement in fraudulent behaviour or intentional misconduct.

Performance share awards

Performance share awards granted consisted of relative TSR awards, absolute TSR awards, and additional TSR awards. The additional TSR awards will vest if relative and absolute TSR performance reach a certain level of achievement.

The performance targets relate to the change in Adecco S.A.'s shareholder value, measured as the total shareholder return taking into consideration reinvested dividends. At the end of the performance period, the performance is measured, determining whether and to which extent the performance targets have been achieved. Any TSR performance adjustments are at the discretion of the NCC. Upon approval of the NCC, the awards vest accordingly in favour of the respective participants, and all restrictions on the awards are lifted (for the awards granted in 2012: not before March 15, 2015). Those awards which do not vest, lapse immediately. Certain country specific sale restrictions apply after vesting for participants in France.

Participants who terminate their employment with the Company at their own will, and those who receive notice of termination for cause before the end of the performance period, will no longer be entitled to the vesting of the awards. In case of an involuntary termination without cause, a time-weighted pro-rata portion of the unvested performance share awards will vest at the regular vesting date depending on the level of target achievement.

The maximum number of performance share awards under the LTIP that may vest in favour of the members of the Executive Committee after the end of the performance period is indicated in the table under section 3.5.2 "Share awards".

Relative TSR awards measurement principles: the Adecco S.A. TSR over the performance period, including invested dividends, of approximately three years is compared with the weighted-average TSR of a predefined group of peers. The composition of the peer group is determined by the NCC and, for 2012, comprised the following companies: Alten, Altran Technologies, Assystem, Brunel International, CDI Corporation, Hays, Kelly Services, Kforce, Manpower Group, Meitec, Michael Page International, On Assignment, Pasona Group, Randstad Holding, Resources Connection, Robert Half International, Robert Walters, Sthree, Temp Holdings, TrueBlue, and USG People. The performance targets for the relative TSR awards have been determined by the NCC as follows: with an Adecco S.A. TSR lower than the weighted-average TSR of the peer group, there will be no entitlement to the vesting of the relative TSR part of the award. With an Adecco S.A. TSR that exceeds the weighted-average TSR of the peer group, the participants will be entitled to the vesting of performance share awards to the following extent: if the positive difference between Adecco S.A. TSR and the weighted-average TSR of the peer group is between 0 and 5 percentage points, awards will vest in a linear mode between 0% and 100% of the number of awards granted. The entitlement is capped at 100% of the relative TSR part of the award.

Absolute TSR awards measurement principles: in case the performance of the Adecco S.A. TSR, measured as the compound annual growth rate ("CAGR") in Adecco S.A.'s shareholder value, including reinvested dividends, exceeds a certain target over a period of approximately three years, awards will vest in a linear mode between 50% and 100% of the number of awards granted depending on the level of target achievement and overachievement. The performance targets for the absolute TSR awards have been determined by the NCC. These targets are set for a specific business year and are considered highly confidential as they would allow competitors to understand the objectives of the Company. They are not published in order to protect competitive information.

Additional TSR awards measurement principles: if at the end of the performance period, the performance target of the absolute TSR awards is fully achieved and the performance target of the relative TSR awards is overachieved, additional TSR awards will vest, depending on the degree of overachievement of the relative TSR awards target. If the positive difference between Adecco S.A. TSR and the weighted-average TSR of the peer group is between 5 and 10 percentage points, additional TSR awards will vest in a linear mode between 0% and 100% of the number of awards granted.

RSU awards

RSU awards contain an undertaking to deliver a number of Adecco S.A. shares to the participants of the plan. The vesting of the awards is not subject to performance conditions but to employment conditions. Provided that the employment relationship continues, RSU awards will vest in equal portions over a period of three years at the anniversaries of the grant. The RSU awards for French participants cliff-vest after a period of two years and contain certain sale restrictions after vesting.

Participants, who terminate their employment with the Company at their own will, and those who receive notice of termination for cause before a vesting date, will no longer be entitled to the vesting of the RSU awards. In case of an involuntary termination without cause, a time-weighted pro-rata portion of RSU awards will vest at the regular vesting date.

The maximum number of shares under the RSU award part of the plan that may vest in favour of the members of the Executive Committee is indicated in the table under section 3.5.2 "Share awards".

2.3.2 Compensation programme 2013 for the Executive Committee

The NCC has decided to continue the existing compensation programme for the Executive Committee, as described under section 2.3.1 "Compensation programme 2012 for the Executive Committee" with the following modification to the LTIP: to determine the number of share awards to be granted under the LTIP, the LTIP target bonus base amount is divided by the average closing price of the Adecco S.A. share. The period relevant to calculate the average price is defined by the NCC in accordance with pre-determined rules.

Furthermore, for 2013, the STIP bonus base for members of the Executive Committee ranges between 60% and 120% of the participant's base salary.

3. Details of compensation elements

3.1 Compensation and shareholding of members of the Board of Directors and the Executive Committee

The amounts indicated in this paragraph include honorariums (fees), salaries, loans, bonuses, and compensation in kind (according to market value at time of conferral). The members of the Board of Directors are compensated in cash. The Chairman is partially compensated with Adecco S.A. shares. The amount conferred to the members of the Board of Directors for the fiscal year 2012 amounted to CHF 4.8 million. The total of all compensation conferred for the fiscal year 2012 to all members of the Executive Committee, including bonus payments for 2012 due in 2013, and awards granted in 2012 under the LTIP, at grant date fair value, amounted to CHF 28.5 million. Not included are bonus payments due for 2011 but made during 2012 as this information was disclosed in 2011.

Individual compensation and shareholding for 2012 and 2011 are shown in the following tables:

⁷ Value in CHF of Adecco S.A. shares awarded in 2012 under the LTIP 2012 (grant date: March 16, 2012).

Valuation of the share awards granted:

- The grant date fair value of the restricted share unit awards ("RSU awards") is equal to the closing price of the Adecco S.A. share on the day of grant less a 3% discount which takes into consideration that RSU awards are not entitled to dividends during the vesting period. An additional discount of 11% is applied to the value of RSU awards granted to the French participants, related to a 2-year post-vesting restriction on sale of shares.
- The grant date values of the total shareholder return awards ("TSR awards") are calculated based on the closing price of the Adecco S.A. share on the day of grant multiplied by the respective probability factors. These factors reflect the likelihood that the respective TSR targets will be met at the end of the performance period. The probability factors of 0.40, 0.39, and 0.26 for relative, absolute, and additional TSR awards, respectively, have been determined using a binomial model. A discount of 3% is applied which takes into consideration that TSR awards are not entitled to dividends during the vesting period. An additional discount of 11% is applied to the value of TSR awards granted to the French participants, related to a 2-year post-vesting restriction on sale of shares by the participants.
- The per-share value of awards granted in 2012 amounts to CHF 42.32 and CHF 47.55 for RSU awards, CHF 16.93 and CHF 19.02 for relative TSR awards, CHF 16.46 and CHF 18.50 for absolute TSR awards, and CHF 10.96 and CHF 12.32 for additional TSR awards (lower values: French participants).

Notice periods of up to 12 months apply. For one member of the Executive Committee, severance payments of approximately CHF 0.9 million would be due in case of termination of the employment contract by the employer. ⁶ Value in CHF of Adecco S.A. shares awarded in 2011 under the LTIP 2011 (grant date: March 16, 2011).

Valuation of the share awards granted:

- The grant date fair value of the restricted share unit awards ("RSU awards") is equal to the closing price of the Adecco S.A. share on the day of grant less 3% discount related to non-entitlement of RSU awards to dividend until vesting. An additional discount of 11% is applied to the value of RSU awards granted to the French participants, related to additional 2-year post-vesting restrictions on sale of shares.
- The grant date values of the total shareholder return awards ("TSR awards") are calculated based on the closing price of the Adecco S.A. share on the day of grant multiplied by the respective probability factors. These factors reflect the likelihood that the respective TSR targets will be met at the end of the performance period. The probability factors of 0.40, 0.27, and 0.18 for relative, absolute, and additional TSR awards, respectively, have been determined using a binomial model. A discount of 3% is applied in relation to non-entitlement of TSR awards to dividend until vesting. An additional discount of 11% is applied to the value of TSR awards granted to the French participants, related to additional 2-year post-vesting restrictions on sale of shares by the participants.
- The per-share value of awards granted in 2011 amounts to CHF 49.12 and CHF 55.19 for RSU awards, CHF 19.70 and CHF 22.13 for relative TSR awards, CHF 13.12 and CHF 14.74 for absolute TSR awards, and CHF 8.84 and CHF 9.93 for additional TSR awards (lower values: French participants).
- Included are the awards granted to François Davy in 2011. Not included are the awards granted to Marfin Alonso in 2011 in his function before he became a member of the Executive Committee.

For 2012, the variable portion of cash compensation (annual bonus) to the CEO amounted to 80% and for the other members of the Executive Committee ranged between 46% and 87% of the base salary. The variable portion of compensation consisting of share awards (at values as indicated in the previous table) to the CEO amounted to 104% and for the other members of the Executive Committee ranged between 52% and 118% of the base salary. The CEO has reached 80% of the STIP bonus base, and the other members of the Executive Committee have reached between 62% and 115% of the STIP bonus base.

3.2 Compensation of former members of Governing Bodies (Board of Directors, Executive Committee, closely linked parties)

No compensation payments were made to other former members of Governing Bodies in relation to their former offices.

3.3 Shares allocated to Governing Bodies

In 2012, no Adecco S.A. shares were allocated to current or former members of Governing Bodies, except for part of the

Chairman's compensation paid with Adecco S.A. shares (refer to the table in section 3.1.1 "Board of Directors' compensation and shareholding").

3.4 Share ownerships of Governing Bodies

As of December 31, 2012, the members of the Board of Directors, including related parties, reported to hold 795,354 shares; not included are the shares held by a group of which Andreas Jacobs is a member (refer to section 1.2 "Significant shareholders" of the Corporate Governance Report and to Note 6 "Significant shareholders" to Adecco S.A. (Holding Company) financial statements).
